CERTIFIED COURSE ON SECURITIES MARKET

COURSE CODE: (CAC012017)

Introduction

Certificate Course in Stock Market discloses both the aspects of the Stock Market academic aspect and professional aspect by providing the ultimate guide to the Market and other factors associated with the market as well. The candidates can also get to know about the International Stock Markets and the relevance in working there.

This course helps the students to clear out the concepts of the stocks of different companies and how an effective trading technique can get you a handsome return at the end of the year.

After the completion of this course, the candidates can work in different job profiles such as Stock Broker, Equity Dealer, Stock Market Analyst, Relationship Manager, and Terminal Operator etc.

They can work in popular recruiting areas like Stock Exchanges, Financial Firms, Financial Institutions, Corporate Houses, and Trading Houses etc. While working in these areas, the students can expect an average starting salary package of INR 2 to 6 LPA.

Course Objectives: The objective of the course is to make the student aware of the basic concepts of investment and investment environment in Indian securities markets. The course also aimed to make the student to understand fundamental stock market operations and enable them to perform security analysis.

Course Outcomes.

At the end of the course the student will be able to

CO 1: Explain the concepts of investment and understand the Indian securities market environment.

CO 2: Understand the modus operandi of Stock market and regulatory framework of SEBI.

CO 3: Describe various techniques of analyzing securities under fundamental and technical analysis.
