International Conference on ‘Advanced Innovation in Science, Engineering & Technology’ (ICAISSET) Report

On November 8th and 9th, 2019, Sree Ayyappa College and TECHOWN Research & Publication collaborated to organize an International conference titled "Advanced Innovation in Science, Engineering & Technology." The inaugural function took place at the College Auditorium SACE. The event commenced with a warm welcome from Prof. K.C. Prakash, the IQAC Coordinator, followed by an introduction to ICAISSET by Dr. Rejiya C.S., the Organizing Convenor. Dr. K.S. Anil Kumar, the Principal of SACE, delivered a presidential address. Prof. Dr. Johan bin Mohamad Sharif, a faculty member in Computer Science at University Technology, Malaysia, inaugurated the conference, and Prof. Dr. Annie Abraham, Honorary Director of Research and Professor in the Department of Biochemistry at the University of Kerala, delivered the keynote address. The event also featured felicitations from Dr. Gireeshan M.G., a Scientist from Research & Patent Consultation, Shri. Prem Suganth V.T., Associate Director of Voonik Technologies Pvt Ltd, Shri. Ashok Kumar, the CEO of TECHOWN – Research and Publications. The vote of thanks was given by Dr. Suresh.S., the Organizing Co-convenor of ICAISSET.

The response from researchers across different states was impressive, and a rigorous selection process was employed to choose the research papers. All the accepted papers were presented orally, with five parallel sessions held in different lecture halls. A total of 150 research articles were submitted for oral presentation, out of which 130 were selected by the conference research committee. Alongside Kerala, research articles were received from various parts of India,

including Kanyakumari, Madurai, Chennai, Puducherry, Karnataka, Mangalore, and Mumbai. Oral presentations were represented by universities from all over the state. The peer-reviewed articles were published in the UGC CARE-approved journal titled "Science, Technology and Development Multidisciplinary Journal" with the ISSN No. 0950-0707.

The conference saw an attendance of approximately 300 delegates, including undergraduate and postgraduate students, research scholars, and professors from colleges and universities. The conference proceedings were published with the ISBN 9788192131603
