POLICY FOR RESEARCH SUPPORT PROGRAM

POLICY FOR RESEARCH SUPPORT PROGRAM

In order to enhance the research aptitude of our faculty, our institution has implemented a Research Support Programme (RSP) as part of our IQAC initiative. This program is designed to offer financial support to faculty members for their active involvement in external seminars, workshops, conferences, and membership fees for professional bodies. It aims to enable faculty members to attend these events, present their research papers, and participate in professional organizations.

The funding for this program will be generated by our staff club. At the conclusion of each academic year, faculty members can submit a formal request for financial support, accompanied by documentary evidence of their participation or paper presentation. The request will be placed in staff meeting and amount will be distributed as per availability of fund in staff club account.
