Student Satisfaction Survey Report 2021-22

Introduction

The objective of a Student Satisfaction Survey in higher education institutions is to gather feedback from students about their overall experience and satisfaction with various aspects of the institution, programs, and services. These surveys are designed to assess the quality of the educational experience and identify areas of strength and areas that need improvement. SSSs are taken for every cadmic year and the responses are analyzed for further improvement in the system.

Procedure

A Google form was created in IQAC Google folder as per the guidelines of NAAC and the link was circulated among the students for entering their responses. . The questionnaire contains 20 different questions regarding different aspects of teaching learningprocess. Final part is for entering observation/suggestions to improve the overall teaching – learning experience in the institution.

Conclusion

A total of 114 responses were received for the academic year 2021-22. Statistical analysis of the responses was done and the report was presented in the meeting of IQAC. It was observed that the responses were fair and good and the report was accepted in the meeting and decided to upload in the college website. The statistical analysis charts are also included in the appendix.

Need more lab classes for students

I am satisfied

Teachers need to able to identify the weakness of the students and need to help them to overcome

better communication

1.Be fair to every student. It's okay to have a favorite student but that doesn't make him or her eligible for getting better grades without doing much activities or to let him/her to arrive late in class and get the attendance while other students don't get attendance if they arrive late.

2. Give attendance when students are attending improvement exams.

3. Decrease the workload given to students, they are humans not machines.

More entertaining class
Better use of modern technology
All weak end last period must give extra Cariculam activities

No opinions

Communicate with students more

Fully satisfied

No words,

Interact with students
Maintain good relation with students
Encourage extracurricular activities

Arts

Kindly slow down the teaching speed to help the slow learners

No need to improve,the teaching is very good in my department

Satisfactory

1. Try to teach with practical examples and makes the students ready to meet the real world challenges.

2. Assess the level of knowledge in the room and tailor the teaching accordingly

3. Encourage group discussion and debates

Proper test paper

Try to know the students mind and then teach them

Nil

Give yourself less time to study and more time to do other things. Enter the interval time.

Improve students soft skills.
Find there real skills.
Train to solve real life problems.

Use digital learning method
To promote extracurricular activities
To avoid lenghtly notes

Friendly approach is more effective

Needs improvement

It's very helpful for my future.

Provide more books to library

The teachers should have to conduct weekly test to summarise what they have taught in the whole week

Check thoroughly the poor students

Use ICT tools and digital game-based learning.
Differentiate between students.
Use the flipped classroom model.

Use ICT Tools

No suggestions

Very good

Make more activities for students satisfaction, teaching process good, please provide tour for students their best life memories

Improve infrastructure

Patience. Every student will have their own unique struggles. ...

None

Teachers use student centric methods

Overall teaching learning process in our institute is very good.

The overall quality of teaching-learning experience process in our institute is very good

Make good interaction with students.
Start career oriented learning rather than giving huge amount of unwanted notes and syllabus.

Make interactions with students

Complaints regarding toxicity of teachers are poorly addressed .

Everything is perfect now ....so I have any suggestions

Provide more campus

Null

Focus every student's

Library time should increased.

Perfectly Ok

1 ഉദാഹരണങ്ങൾ, ആശയങ്ങൾ എന്നിവ പ്രൊജക്ടർ വഴി VISUALIZE ചെയ്യുന്നത് പെട്ടന്നു മനസിലാക്കാൻ സഹായിക്കും
2 ക്ലാസുകൾക്കു പുറമെ, WORKSHOP, PROJECT ഇവയൊക്കെ നൽകണം

It would be good for teach some real-life applications other than theory
Provide internships or training regularly
Ensure teachers to complete their portions

Great teaching

Give more importance to expermental learning

Try find the intrests of students

Find the weakness and help them in tough subjects

Extend library timing till 5.00pm
Appoint efficient library faculties to improve library facilities.

Good learning experience has been given in our institution

E- learning

All are good

We need more efficient ICT fecility & multimedia

1. Increase the number of working teaching tools And also lab equipments like projector, computer, Digital ic trainer kit.etc
2. Increase the number of internship and other options and conform every student get job after his/her graduation. Ensure their future is safe
3. Teach the places were they needed
And.what is that job and salary details

1. Should focus more on slow learners which show poor academic progression

Use projector

visualize class topic in projecter

The teachers should find each students weakness and try to compensate them

The teachers should try to find each students weakness or difficulty and help them overcome those weakness.

Engage the students
show students that you care
conclusion

Very good teaching methods but some of the teachers are not well in their teaching

Keep going always like this.

Encouraging / Updated Classroom / Free of thought

The overall teaching learning experience in our institution is very very satisfyed

1)Teaching provided in the college is good

2) college is better for studying

Teachers should identify strenghts and weakness of all students

Give more opportunities to sports

No

-Don't put over expectation on students
-Give break during classes
-Make friendly conversation with students

Teaching learning experience will be very difficult

Provide E-notes,ppt and classes

I am satisfied with the overall experience of teachers

Make teaching a two way interaction. Try to reach every student and ask for their doubts.

Sometimes takes more speed to cover the syllabus. Therefore it is difficult to understand. Please slow that one.

Improve friendly conversations btw students and teachers.. Control the emotions to the students.

Interaction between teachers and students needed to be improved.

Improve campus facilities
Teacher do interact with students properly

Very good

• It would be great if all classroom were transformed to smart class room.

Understand students problems
Make a fair relationship with students
May gave importance to internships

must want a bus route moree

No

Intract with students

A media lab should be built for the students of BA EMS Dept.

Active learning strategies such as problem-based learning, group work, and hands-on projects can help students to better understand and retain the material. This can also provide opportunities for students to apply what they have learned to real-world scenarios and to collaborate with their peers.

1. To increasing seminars
